Enrichment Team Referral

Enrichment activities are available to all students. Students are welcome to approach any member of the Enrichment Team independently (see information below).
Alternatively if you feel a student could benefit from additional activities and support outside the structure of their studies please complete the following form. Please work alongside the student to complete this form to help us identify ways in which we can work to support each individual in activities they have an interest in.

Tutor……

Student……	**Address**
Subject……..	
Level 1 2 3 other……	**Contact numbers**

Brief background of individual

Personal interests include skills you have, skills you'd like to learn & those you could share with others.
